Party Loyalty Amendment Fails in House

LITTLE ROCK (AP)—The Arkansas House refused to adopt a literacy amendment to a proposed voter registration bill today and struck from the bill a party loyalty amendment.

Perry County Rep. Paul Van Dalsem fought the literacy amendment to his bill.

The House refused Thursday to strike a loyalty amendment from another registration bill by Benton County Rep. Hardy Croxton.

The Arkansas Senate passed today a compromise insurance bill explained as not compulsory, just an inducement. It would raise by one half of one per cent the premium taxes in out of state insurance companies that refused to invest at least 50 per cent of their Arkansas reserves in the state.

An uproar over a misunderstanding about a truck license bill clogged the gears of legislative machinery for almost two hours Thursday.

The outbreak came the day after the House thought it had ended a three-week siege of argument over gambling bills and Winthrop Rockefeller resolutions.

House members arrived at the capital hopping mad Thursday, believing they had been duped by Sen. Merle Peterson of Dumas in passing a truck license bill that would boost fees on small trucks as well as large ones.

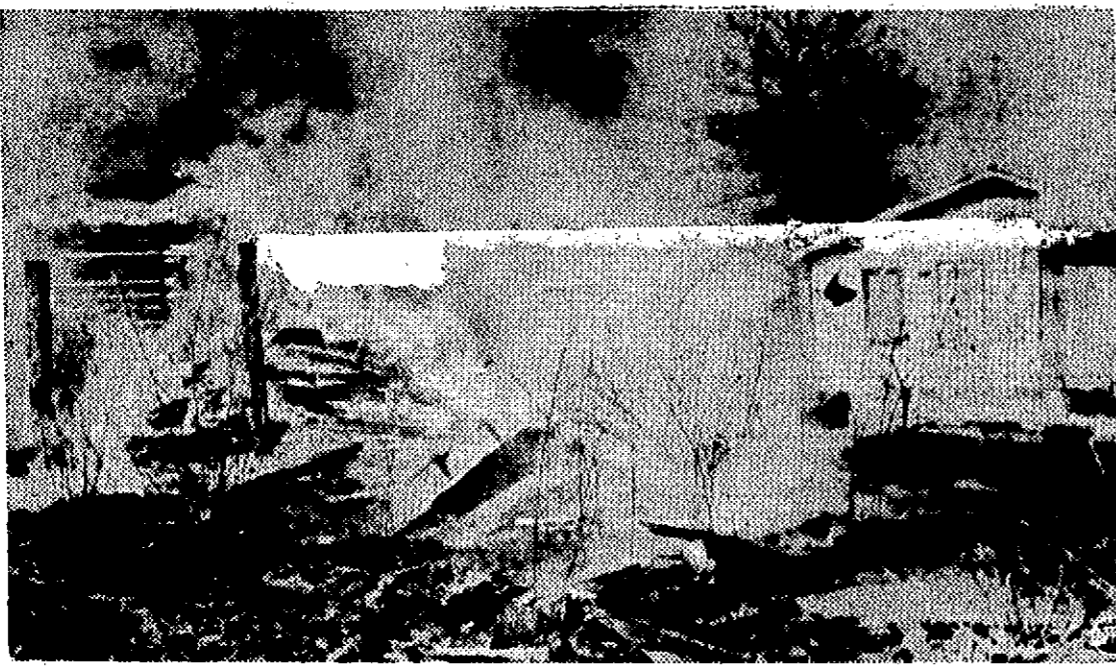

The House wasn't fully convinced that its view was wrong until Peterson, Revenue Commissioner J. Orville Cheney and Highway Director F. R. Oliver made two appearances before a committee of the whole to explain things.

One appearance wasn't enough. Oliver and Cheney said they weren't sure what the bill would do and the House sent them into a huddle with Peterson to find out. Finally Peterson, Oliver and Cheney said they agreed that the bill wouldn't affect trucks under 50,000 pounds and House tempers cooled.

Hempstead Rep. Talbot Feild Jr., kept some insurance against another misunderstanding, however.

Before the matter was resolved, Feild and others circulated a bill

QUICK ACTION PREVENTS DISASTER — Quick action by Shreveport, La., firemen prevented a major disaster as flames, fanned by a 40 mile per hour wind, raced through a Negro section of the city. Almost 1,000 acres of woods and grasslands were burned over before the fire was brought under control.

Irish Setters Get Reprieve From Judge

PITTSBURGH (AP) — Two friendly Irish setters, whose recently deceased mistress condemned them to death in her will, were given a new lease on life Thursday by an unexpected wave of public sympathy and an understanding judge.

Judge William Rahauer of Allegheny County Orphans Court ruled that the dogs are "personal property" and may live, at least until an audit is completed of the estate of their late owner, Miss Ida M. Capers, 72, who died on Jan. 26.

This means that 6 year old "Brickland" and 2-year-old "Sunny Birth," previously doomed to die this week, will be spared for 8 to 12 months from the lethal injections ordered in the will.

Pennsylvania's Gov. William Scranton directed the state's attorney general Walter E. Alesandrini to seek a way to save the silky-haired dogs permanently.

Miss Capers' death-order was intended as an act of love for her two beautiful pets. She wanted them killed after her death, because she was afraid they would no longer get the care and love she gave them.

Among the many persons offering to provide a new home for the setters is kennel owner Thomas Miller, who knew Miss Capers for years, helped raise and train the two dogs, and was entrusted with their care when Miss Capers entered the hospital Jan. 9.

Miller has been flooded with telephone calls—some from as far away as California, Florida and Kansas—from people offering to take the dogs or to contribute money. Neither interests Miller, who wants to keep them himself.

115 Peace Officers in Meeting Here

Prosecuting Attorney John Goodson was principal speaker at last night's meeting of the Southwest Arkansas Peace Officers Association at Hotel Barlow. Mr. Goodson discussed search and seizure to some 115 present.

Special guests were Capt. Griffin, Monticello, of the Arkansas State Police and Sgt. Doc Evans of the Texas Highway Patrol. Lyle Brown was master of ceremonies.

The next session will be held May 30 at which time Aubrey Fowler, Arkansas Game and Fish Commission, will speak. Bob Meyers is program chairman and the food committee includes Game Warden Ab Morman and Dale Bonds. A fish fry will be held at Fair park.

Prescott Man Killed in Train Wreck

CAMDEN, Ark. (AP) — North-bound Missouri Pacific freight train hit a pickup truck at a grade crossing in Camden today, killing one man in the truck and critically injuring another.

Killed was Fred J. McDade, 45, of Prescott. Injured was his brother, Ernest C. McDade, 46, of Prescott.

The truck was carried about a quarter of a mile down the track before the train stopped.

Hotel Burns at El Dorado

EL DORADO, Ark. (AP) — A three-alarm fire destroyed the Henshaw hotel in El Dorado early this morning but the four pants escaped without injury.

Off-duty firemen were called to help fight the blaze in the 15-room hotel which occupied the second floor of a two story brick frame building. The fire was brought under control after two hours.

A cafe and hardware store beneath the hotel were flooded as firemen poured thousands of gallons of water on the fire. One fire company was reported still on the scene at 6 a.m.

No damage estimates were available. Cause of the fire was not learned.

China Dares Russia to Swap Ideas

TOKYO (AP)—Red China dared the Soviet Union today to let Peking beam its side of the ideological dispute with Moscow to the rest of the Communist world.

Peking accused Moscow of jamming Red China's broadcasts to prevent Communist bloc countries from hearing Mao Tse-tung's side of the argument. It called the followers of Soviet Premier Khrushchev cowardly as mice.

The new propaganda barrage aimed at the Kremlin was distributed by the New China News Agency. It quoted from an article in Red Flag, theoretical journal of the Chinese Communist party.

Red Flag pointed out that the Chinese Communists last week had published the anti-Peking views of Khrushchev, The Communist party newspaper Pravda and the premier's French supporters in his quarrel with the Chinese.

"Cowardly as mice," Red Flag continued, "they are scared to death, they dare not let the people of their own countries see our articles for themselves and have endeavored to impose a water-tight embargo. They are even using a powerful station to jam our broadcasts to prevent people from listening."

Presbyterian Plan Special Program

A special service to explain the Vocational Guidance Program will be held at the Presbyterian Church Sunday evening. Major Carl V. Green will conduct a ten minute devotional service in the Chapel at six o'clock and then a light pot-luck supper will be served.

Major Green and Mrs. Jim McKenzie are the Adult Sponsors of the Vocational Guidance Program. The young people study for several months and then go to Southwestern University at Memphis for tests and counseling. The groups have already completed the course in the past year. The High School Juniors are now beginning the course of study.

Sunday evening film strips will be shown. The five members of the High School Senior Class have been invited to speak briefly. They studied for several months and went to Southwestern last October. They are Miss Jan Ellis, Miss Jeannie Lowe, Earl Bruce Jr., Vincent Foster Jr., and Larry Lawrence.

All the parents of the congregation are urged to be present for this service as well as all the young people of the Senior and Junior High Schools and the members of the church.

DeGaule Has Problem in Coal Miners

By JOSEPH E. DYLAN

PARIS (AP)—President Charles de Gaulle faced a serious domestic crisis today. Stubborn coal miners defied him on an issue dearer to them than Algeria or international grandeur—wages.

Communist, Catholic and Socialist unions challenged De Gaulle and began an indefinite strike in France's nationalized coal mines. The government agreed to a demonstration strike today and Saturday. But it said if the miners do not return to work Monday they will be drafted into the army. If they do not return then, they will be able to fines and imprisonment after trial by tough military courts.

Other unions awaited the outcome of the test of strength. Workers in the gas and electric systems and the railways—all operated by the government—want more money.

The government contends wage increases for the miners will set off a general rise in wages and that in turn will produce an inflationary spiral. The miners say France is booming and it's time they get their share.

Reports from the major coal mining area about 110 miles north of Paris said that more than 95 per cent of the miners failed to report to the pits this morning. In less important mines the number of strikers ranged from 75 to 93 per cent.

Until Thursday night it appeared DeGaule had the upper hand. Only about a third of France's 67,000 miners—members of the Socialist Workers Force, and the Catholic Christian Federation of Workers—had called an indefinite strike. The Communist-led General Confederation of Labor, which includes the rest of the miners, went along with the idea of a two-day strike only.

A French coal miner earns the equivalent of \$5.80 a day. The Socialist Workers' Force said the miners want an 11 per cent increase to equal workers' scales in other French industries. They also want to reduce the present 46.3-hour work week progressively to 40 hours with no loss of pay.

Van Dalsem Is Foiled Again

LITTLE ROCK (AP)—The Arkansas House refused again today to place a literacy requirement in the Van Dalsem voter registration bill and struck from the bill a party loyalty requirement.

The vote on the party loyalty provision was a switch from Thursday when the House refused to remove such a requirement from Benton County Rep. Hardy Croxton's voter registration bill.

Perry County Rep. Paul Van Dalsem fought unsuccessfully against the amendment to his bill which would remove a requirement that the registrant state his party affiliation when he fills out his blank.

The House has on several occasions rejected efforts to put one literacy requirement or another into the voter registration bill. The vote against today's literacy provision, offered by Pope County Rep. Clyde Kinslow, was 54 to 22.

Medical Men Okay Mental Health Plan

CHICAGO (AP)—The American Medical Association, which is firmly opposed to President Kennedy's proposed medical program for the elderly, spoke approvingly today of his mental health program.

The spokesman in this instance is Dr. Gerald D. Dorman of New York, an AMA trustee. His forum was the annual conference of State Mental Health Representatives.

Dr. Dorman said the Kennedy mental health program, announced Feb. 5, agrees with basic recommendations made by the AMA last summer.

He said both programs stress comprehensive care of mental patients at the community level rather than in big, distant state institutions.

"Community centers will supply what has been a missing link in the physician's responsibility for patients with emotional disorders," Dr. Dorman said.

Both the Kennedy administration and AMA proposals call for matching grants to the states from the federal government for building community mental health facilities.

Dr. Dorman said President Kennedy also proposes that services at the community centers be financed in the same manner as other medical and hospital costs—individual fees, private insurance, voluntary contributions and state and local aid.

Thundershowers Hit Arkansas

By THE ASSOCIATED PRESS
A low pressure area pushed thundershowers into Arkansas Thursday night but they were expected to end today and be followed by cool weather.

The forecast called for clear to partly cloudy tonight and Saturday with highs today near 40 in the north to 50 in the south.

Low temperatures tonight were expected to be between 24 and 34. Rainfall Thursday night and early Friday ranged in amount from a high of 1.83 inches at Texarkana to a low of half an inch at Fayetteville. Little Rock reported 1.10, Pine Bluff 1.51 and El Dorado 1.06 inches.

Minimum temperatures early today ranged from a high of 40 at Pine Bluff to a low of 28 at Harrison.

Red Jet Flights Told to Disarm Propaganda

By FRED S. HOFFMAN

WASHINGTON (AP) — The Pentagon's announcement that long range Soviet reconnaissance jets flow over four U.S. Navy carriers at sea was intended to disarm any Soviet propaganda bomb before it was dropped, informed sources said today.

These sources indicated Secretary of Defense Robert S. McNamara sought to beat the Soviets to the punch—for example to any claim that the flights were undertaken when he told his news conference Thursday of such overflights in the North Atlantic and North Pacific during the past month.

Another possible aim could have been to neutralize Soviet complaints that U.S. warplanes had buzzed and trailed Soviet ships on the high seas.

In any event, questions about the vulnerability of carriers were raised by McNamara's disclosure that four heavy Soviet reconnaissance bombers flew thousands of miles from the Soviet Union—straight to the 75,000-ton carrier Forrestal southeast of the Azores last Friday.

But the Navy stoutly denied that the Red flights over the Forrestal on Feb. 22 and over the nuclear-powered carrier Enterprise, the Kitty Hawk and the Princeton earlier showed them up as vulnerable.

Officers noted that the Corvetta's departure from the Mediterranean for the United States had been announced. They said it was traveling the Great Circle route, a normal shipping lane; that it had no air patrols out, and that its heavy radar and radar output made it easy for the Soviets to home in.

In a war or emergency situation, the Navy said, none of these conditions would apply.

They did not make similar explanations for the flights over the Kitty Hawk in the North Pacific

3,028 See Art Exhibit During Stay

A total of 3,028 persons attended the showing of the Little Dutch Masters while the Arkansas Art Center Art Mobile was in Hope, Mrs. George Peck reported at the February meeting of the Hope Junior Auxiliary, on Wednesday.

Considering the inclement weather such a large attendance made the exhibition an outstanding success.

Miss Martha Wise, executive secretary of the N.A.A.A. will visit the Hope chapter on March 11. At this time a luncheon meeting will be held at the Hope Country Club. Miss Wise will instruct and advise the local members, officers and committee chairmen concerning the requirements and future objectives of the national association.

Mrs. J. W. Branch, president, requested the nominating committee, composed of Mrs. Fred Ellis, Mrs. George Wright and Mrs. George Robison, to present a slate of officers for vote at the regular March meeting. The presentation of names for membership will also take place at this meeting.

E. A. Richmond

E. A. Richmond, Chaplain of the Arkansas Boys Industrial School at Pine Bluff, will be guest speaker before the men of First Baptist Church of Hope at a supper meeting at 6:30 Tuesday night.

He will tell of his many experiences with the youth of Arkansas who were sent to the Training School after breaking the law. All men of the church are urged to attend, and also to invite a friend.

Post Plans to Resume Publication

NEW YORK (AP) — Dorothy Schiff, publisher of the New York Post, has broken away from the publishers of the city's other major newspapers and announced that her afternoon tabloid will resume publication Monday.

Her decision leaves four newspapers shut down by a printers' strike and four others closed voluntarily.

Mrs. Schiff said Thursday, "I think the strike has gone on long enough. I see no evidence on a settlement."

Mrs. Schiff, owner and editor-in-chief of the Post, and four other publishers shut down their papers when the printers struck against four dailies 84 days ago.

Talks in the contract dispute continue today with Mayor Robert F. Wagner serving as chief mediator.

The Publishers Association of New York City, which represents the major newspapers in dealings with craft unions, said in a statement that Mrs. Schiff's break "does not alter the firm determination of the other publishers in the association to continue to press for a satisfactory agreement to end the current strike."

Mrs. Schiff resigned from the association a short time before her announcement at a news conference.

Amory Bradford, vice president of the struck New York Times and chief negotiator for the publishers' association, said Mrs. Schiff's move was "a great mistake on her part, which is bound to stiffen the union's position and may well prolong the strike."

Elmer Brown, president of the AFL-CIO International Typographical Union, said "I'm very hopeful that this step will encourage others to do likewise."

Brown made the statement to newsmen as he arrived Thursday night. Wagner summoned him from the union headquarters at Colorado Springs, Colo., to participate in the resumed peace talks.

Bertram A. Powers, president of striking printers Local 6, stood beside Mrs. Schiff as she announced her intention to reopen the Post, founded in 1801 by Alexander Hamilton and the city's oldest continuously published newspaper.

When asked by a newsmen if he thought Mrs. Schiff's action would shorten the strike, Powers said: "I certainly do. The other afternoon papers will not miss the fact that their competitor is publishing."

The two other afternoon newspapers announced they will stick with the publishers association in its stand toward the printers. These papers—the Journal-American and the World-Telegram & Sun—are struck.

International and New York City officials of the ITU met Thursday night. One said the purpose was to "reduce to an irreducible minimum" the demands the printer negotiators would present to the publishers today.

The strike by 6,000 printers has thrown 17,000 other newspaper employees out of their regular jobs.

Negotiations on Test Ban Have Collapsed

By MICHAEL GOLDSMITH

GENEVA (AP)—The Soviet Union slammed the door today on any detailed negotiations on a treaty to ban nuclear weapons tests. Talks seemed on the verge of collapse.

U.S. Delegate William C. Foster prepared to leave for Washington. A U.S. source said, "At the moment, he can accomplish more in Washington than in Geneva."

Said Foster, "We want to negotiate. Unfortunately we have found that thus far the Soviet Union does not."

Soviet Ambassador Semyon K. Tsarapkin, filling in for his absent chief, Vasily V. Kuznetsov, said the Soviet Union wanted no part of talks on the details of a test ban treaty unless the West accepts the Kremlin's offer of two or three on-site inspections against nuclear cheating a year.

Foster expressed doubt Russia could monitor all American nuclear tests. He was arguing for the need of cheat-proof controls over a treaty banning nuclear tests.

Changes in Weather Are Minor

By THE ASSOCIATED PRESS

The nation's general weather pattern showed only minor changes today, with snow and rain in scattered sections and little change in temperatures.

One belt of snow extended from southern Missouri northeastward through southern sections of Illinois and Indiana into southern Ohio. Heavy amounts of snow were forecast for much of the area, with falls ranging from two to four inches, and more than four inches near the Ohio River.

Rain splashed across areas from Louisiana and Arkansas northeastward into southwestern Ohio. It also spread across Tennessee and Alabama and headed into Georgia and the Carolinas.

Only other precipitation was in the form of showers in the northern half of the Rockies. Rain and snow appeared on the way for much of the Northeast part of the country.

Temperatures in the eastern half of the nation ranged from below zero in a few extreme northern sections of the Midwest and New England to the 40s in the 50s and 60s in the South. Readings were generally in the 30s and 40s in the Western sections, with the 50s in California.

\$699,975 Loan for Prescott

Pakistan Confident

TOKYO (AP)—Pakistan's foreign minister, Z. A. Bhutto, has told the Red Chinese he feels the border agreement between Peking and Karachi will strengthen the cause of world peace.

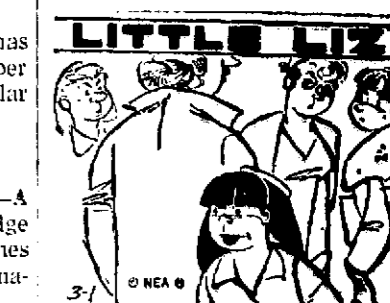

Arriving in Peking amid cheers and drum beating, Bhutto said a lesson in harmony could be learned from the pact defining the border between Red China and the Pakistan-occupied part of disputed Kashmir.

The agreement brought protests from India, which is about to resume talks with Pakistan on the future of disputed Kashmir.

Finland Labor

HELSINKI, Finland (AP)—Finland's labor troubles worsened today as some 20,000 civil servants struck for higher pay, halting railway traffic and postal service.

Customs officers are on strike and workers in air and shipping firms threaten to go out.

The best conversation stopper is the appearance of the person the conversation is about.

McNamara replied with a terse "no" when asked whether there has been any Soviet reconnaissance over North America.

"None of the Soviet aircraft showed hostile intent," McNamara said of the four heavy "Bear" aircraft which came in over the Forrestal in two waves.

The defense secretary said the four-engine, swept-wing Soviet planes were intercepted and tailed by U.S. Air Force jet fighters as they passed east of Iceland.

They were not challenged or attacked because they were reconnaissance versions, not rigged as bomb carriers, McNamara said.

Knowledgeable sources said the Soviet planes traveled about 3,500 miles each way to reach the Forrestal.

McNamara said this country does not intend to ask the Soviet government why it engages in these overflights.

DOROTHY DIX

THREE CHEERS FOR THIS DAUGHTER-IN-LAW!

By HELEN WORDEN ERSKINE

Dear Helen: I read in your column about a wife who was having mother-in-law trouble. What a dope that gal is, not making the most of a relationship with the best friend she could find.

My husband and I had been married just a year when we came to live with his mother in 1960. It's been great for all of us, including our two kids who look upon Grandma as their second Ma.

Where else could I find such a loving pro? She knows a lot I don't and teaches me some new shortcuts to homemaking or life each day.

We agreed from the very start that it would be impossible for two women, no matter how much they might respect one another, to both run the home. So I, being younger and stronger, took over the extra housework with exception of Mom's room, which continues her domain. The only time she cooks, cleans house or bakes is when she wants to — which isn't often.

For as she says, after all these years of household drudgery, I've made it possible for her to be free to do as she pleases. She's on the go, looking up old friends, making new ones, being active in civic groups and pursuing some favorite hobby.

to repeal a truck weight law, enacted earlier as a companion bill to the license measure. In half an hour they collected 53 signatures, enough to insure passage of the bill.

Feild said the measure probably won't be introduced as long as House members remain convinced that the license bill doesn't have any bugs.

The furor erupted over a newspaper account of an interview in which Peterson was quoted as saying that the bill would affect trucks down to 6,000 pounds and he knew it all along but didn't bring the point out to hold down opposition to the bill.

Peterson said his remarks had been misconstrued, that he had not intended to mislead anyone and he apologized for touching off the storm.

The Senate, which has had a lame session, responded to the controversy by giving Peterson a standing vote of confidence.

The Rockefeller argument spilled over into Thursday when Rep. G. D. Smith Jr., of Lincoln County criticized Rockefeller for remarks he made in a speech at Jonesboro Wednesday night.

The controversy apparently had ended Wednesday with joint withdrawal of a resolution praising Rockefeller and a bill to oust him from chairmanship of the Arkansas Industrial Development Commission.

Smith took particular issue with Rockefeller's classifying himself as a bystander in the dispute, contending that legislators were bystanders in a dispute between Rockefeller's admirers and his foes.

Yell County Rep. Lloyd George withdrew his soft drink tax bill Thursday after he lost support of the County Judges Association. George had allocated 70 per cent of the tax money to county roads, but Little River County Judge Ray Sikes, association president, said anti-tax sentiment among voters was too strong to pass it.

Gov. Orval E. Faubus said Thursday that unless county judges find a new revenue source they can forget about a sizeable increase in revenues through the legislature.

He said he doubted if a new

source can be found and acted on since the session ends in two weeks.

After the soft drink tax bill was pulled down a group of judges were told this by the governor, he said.

The Senate recalled Perry County Rep. Paul Van Dalsen's weights and measures bill for further study on a motion by Sen. Morrell Gathright of Pine Bluff. The Senate plans to amend the bill to permit sale of certain items by uneven weight.

Van Dalsen first indicated he would fight return of his bill to the Senate but later he yielded. "I found out they didn't want to kill the bill, only to fix it up," he said.

Gathright said the bill as written would make it impossible to sell cottage cheese, cream and some other dairy products.

The Senate voted 22-7 against a bill by Sen. Robert Harvey of Swifton to increase the state tax on diesel fuel from 6 1/2 to 7 1/2 cents a gallon.

The Senate passed and sent to the House to create a state park on Hurricane Creek near Magnolia, to permit counties to build and operate airports and to make the state date for Thanksgiving coincide with the federal date.

Sen. W. K. Ingram of West Memphis introduced a bill to permit four more days of dog racing at the Southland track at West Memphis by giving track officials the option of holding races on July 4 and Labor Day and on two other days for charity. The track already has two 60-day seasons.

Van Dalsen staged another filibuster—his fifth of the session—to block action on Benton County Rep. Hardy Croxton's voter registration bill.

Van Dalsen amended the bill earlier this week to permit relatives to file registration forms for the voter. Croxton tried to amend it Thursday by prohibiting absentee voting by anyone who had not signed his own form.

The filibuster trapped the bill in the morning hour. Croxton tried to get the House to suspend the rules and bring the bill up just before adjournment, but his motion was defeated.

Van Dalsen was expected to try to block action on the bill again today. He said he wanted to give House members a chance to discuss it with their constitu-

ents over the weekend.

The House spent its non-controversial time Thursday working on appropriations bills. It defeated two budget measures. One would have appropriated \$155,000 a year premiums and the other would have allocated 330,000 a year to pay expenses of Arkansas students in out-of-state dental colleges.

Speaker Marion Crank ruled both bills needed 75 votes to pass. The livestock-horse show bill got 71, the dental students measure 69. Notice of reconsideration was given and both can be brought up again.

Mississippi County Rep. L. H. Aubrey took issue with Crank's ruling on the dental bill. He said it could pass with 51 votes, since the money was for education. Crank said he would rule later.

The House was scheduled to reconvene at 9 a.m. today and the Senate at 10 a.m. so both could adjourn early for Legislative Day at the races at Oaklawn Park in Hot Springs.

Killed by Train

SWKET HOME, Ark. (AP) — Griffin Dennis, 91, of near Sweet Home, was found dead on Missouri Pacific Tracks about four miles southwest of here Thursday. Sheriff's Deputy John Hardin said Dennis, a Negro, apparently was hit by a train.

Proclamation

Be it hereby resolved that the month of March, 1963, in the City of Hope be proclaimed as National Egg Month and he duly celebrated in connection with National Egg Month Celebrations throughout the country.

Let it further be stated that all citizens of the City of Hope be urged to join in the observance of National Egg Month by buying and serving to their families, and enjoying the goodness of fresh eggs, served in their delicious forms.

Signed, Frank Douglas Mayor

We Want You To Meet . . .
MISS MARCINE ABBOTT

One of the most vital roles, the all-important bookkeeping and statistical department of Hope Federal Savings & Loan Association, is expertly handled by Miss Marcine Abbott, shown above.

A native of Hempstead County, she has been connected with both the insurance and home mortgage department since 1944. She became head bookkeeper and statistician in 1959.

She invites her many friends to open a savings account, or to use the many facilities of Hope Federal in building, buying or remodeling your home.

SUPER SPORTS—that's the only name for them! Four entirely different kinds of cars to choose from, including bucket-seat convertibles and coupes. And most every one can be matched with such sports-car type features* as 4-speed stick or Powerglide transmission, Positraction, tachometer, high performance engines, you name it. If you want your spice plus the luxuries of a full-sized family car, try the Chevrolet Impala SS. It's one of the smoothest road runners that ever teamed up with a pair of bucket

seats. It even offers a new Comfortilt steering wheel* that positions right where you want it. The new Chevy II Nova SS has its own brand of excitement. Likewise the turbo-supercharged rear-engine Corvair Monza Spyder and the all-new Corvette Sting Rays. Just decide how sporty you want to get, then pick your equipment and power—up to 425 hp in the Chevrolet SS, including the popular Turbo-Fire 409* with 340 hp for smooth, responsive handling in city traffic.

Porkers Will Try to Stop Texas Tonight

AUSTIN, Tex. (AP)—Arkansas will shoot for a second-place finish in the Southwest Conference basketball race against unbeaten Texas here tonight.

The Longhorns have sewed up the SWC title and need the game only as a warm-up for the National Collegiate Athletic Association tournament.

If Arkansas upsets the Longhorns and then beats Texas Christian University in Fayetteville next Monday night, the Hogs can finish in second place.

Texas, winner of 13 straight games, will be the heavy favorite. The Razorbacks are 7-5 in the conference and 12-10 for the season. They held fourth place in the SWC.

Ace free-throw shooter Tommy Boyer, an All-Southwest Conference prospect, is averaging 21 points a game. He holds the NCAA record for most consecutive free throws by a player (44) and he set two school scoring records in Arkansas' 82-79 overtime victory over Southern Methodist at Fayetteville Tuesday night.

He scored 675 for three league seasons and 1,012 for his three-year career.

Amity Takes Another, Meets Dyess

LITTLE ROCK (AP)—Yellville goes after its 41st straight victory against Lake Hamilton in the semifinals of the Class B Division of the boys State Basketball Tournament here tonight.

Yellville got No. 40 by ousting defending champion Spunkman on Wednesday.

In Thursday night's action, Lake Hamilton trounced Biggers-Reyno 60-35. Amity dumped Cedarville 66-59 and Dyess overran Vannale 65-51.

Amity and Dyess collide in the other semifinal battle tonight.

Dyess used a height advantage to control the backboards, and Vannale could only hang close for a half. It was 18-18 at the end of the first quarter and 32-28 at halftime. Then it became a matter of how far ahead Dyess would get before the game ended.

Clyde Richards and Charles Grego each put in 17 for Dyess while Bob Dobson was netting 21 for Vannale.

Amity whipped Cedarville with a 21 point rally in the last quarter. Cedarville trailed 29-27 at halftime, but powered to a 45-45 tie at the end of the third period.

Curtis Hays and Milton Hancock guided the comeback with 20 and 21 points respectively. Otis Barnes crammed in 28 for Cedarville.

Lake Hamilton raced into the lead and was never headed. Coy Cozart got 12 for Lake Hamilton, Jim Ulmer canned 14 for Biggers-Reyno.

W. Virginia, Duke Survive First Rounds

By BOB GREEN

Associated Press Sports Writer

Powerful Duke and always-tough West Virginia survived first round play in their conference tournaments but each faces a major stumbling block on their projected paths to the NCAA tourney tonight.

Duke, ranked second in the nation and winner of 16 straight, in a 22-2 record, takes on North Carolina State in a semi-final game of the Atlantic Coast Conference tourney at Raleigh, N.C., while West Virginia plays Furman in a semi-final match of the Southern Conference affair at Richmond, Va.

Duke, paced by the one-two punch of All America Art Heyman and Jeff Mullins, ran in 17 straight points in the opening minutes and whipped to an easy 89-70 conquest of Virginia in a first round game Thursday night. Heyman produced 21 points, Mullins 29.

A three-point play by 6-foot-6 sophomore Larry Lakin with six seconds to go carried North Carolina State to an uphill 79-73 decision over Clemson.

Wake Forest plays North Carolina in the other ACC semi-final. Second-seeded Wake Forest advanced with a tourney record 80-41 pasting of Maryland and No. 77 Carolina drubbed South Carolina 93-76.

West Virginia advanced easily in the Southern Conference tourney, using a 16-2 burst in the second half to make a rout of it against Richmond, 75-46. Mike Wolfe scored 23 points for the winners.

Virginia Tech and Davidson are matched in the other Southern semi. Virginia Tech upset William and Mary 74-72 and Davidson's sophomores, paced by Fred Hetzel's 28 points, blasted Virginia Military 108-71.

Eighth-ranked Wichita hit 78.3 per cent of its first half field goal tries at Denton, Tex., and then coasted into an easy 80-73 victory over North Texas State.

Ninth-ranked New York University had some trouble before edging Manhattan 78-72. Villanova whipped St. Peter's of New Jersey 72-59.

Heyman Is Player of the Year

By TED MEIER

Associated Press Sports Writer

NEW YORK (AP)—Art Heyman of Duke was named today as the 1963 college basketball player of the year by The Associated Press.

The 6-foot-5 senior from Rockville Centre, N.Y., won the honor as successor to Ohio State's Jerry Lucas on the basis of the votes he polled for his 1963 All-America announced Thursday by the AP.

Heyman, who led Duke through an unbeaten regular season in the Atlantic Coast Conference, topped the voting for the All-America with 744 points on the basis of five points for a first team vote and two for the second team.

Named to the All-America, along with Heyman, were Ron Bonham of Cincinnati, Jerry Harkness of Chicago Loyola, Gary Bradds of Ohio State and Barry Kramer of New York University. Bonham polled 706 points, Harkness 428, Bradd 321 and Kramer 319 from the 183 sportswriters and radio-TV broadcasters who voted.

Bill Bradley, Princeton's star sophomore, Tom Thacker of Cincinnati, Rod Thorn of West Virginia, Cotton Nash of Kentucky and Walt Hazzard of UCLA were named as the second team All-America.

Bill Green, of Colorado State University, Eddie Miles of Seattle, Tony Yates of Cincinnati, Jimmy Rayl of Indiana and Nick Werkman of Seton Hall comprise the third team.

thrown 17,000 other newspaper employees out of their regular jobs.

In Cleveland, where 600 people have been out of work for 91 days because of strikes against the city's two newspapers, a contract agreement has been reached with a second striking union, the Teamsters.

But the closed-down Plain Dealer and the Press & News and eight other unions still have not reached contract terms. Three unions are still on strike.

Teamster Local 455's members are expected to ratify the two-year contracts Monday night.

The Teamsters' agreement provides \$5 in wage increases in each of the two years, plus improved working conditions. It matches the two-year, \$10 weekly packages approved recently by the nonstriking Pressmen's and Paper Handlers' unions.

Emerson Advances in A Meet

LITTLE ROCK (AP)—Green Forest, Monticello, Emerson and Amity square off in the semifinals of the Class A Division of the boys State Basketball Tournament in Little Rock tonight.

Green Forest made the semifinal round by whipping Sheridan last Wednesday. The other three teams took quarterfinal victories Thursday night.

Monticello tripped Manila 66-56. Emerson came from behind to beat Tuckerman 42-39 and Marianna nipped White Hall 58-57.

Jerry Fong's field goal with 10 seconds to play provided Marianna's winning margin. Phillip Castling and Danny Jackson put in 20 and 19 points respectively, setting the stage for Fong's clutch bucket.

White Hall grabbed a 57-56 lead with a minute to play. Marianna took its time looking for the good shot, which Fong got and hit. Tommy Louks topped White Hall with 25 points.

Emerson, too, took a late lead, 40-39, against Tuckerman. But Tuckerman, trying frantically to get the ball, fouled twice, and Ray Owens and Wesley Williams of Emerson each hit a charity shot to wrap up scoring.

Louis Butler was top scorer for Emerson with 14. Larry Steward netted 21 for Tuckerman.

Monticello had no trouble against Manila except for one brief pass. Manila pulled within five points in the third quarter, but Monticello's free throw shooting—17 of 25—kept the margin safe.

Kelton Busby scored 26 for Monticello and Tommy Bowles sank 19 for Manila.

Wagner Has Report on News Strike

NEW YORK (AP)—New York City newspaper publishers report formally in writing today to Mayor Robert F. Wagner on their position in the dispute which led to the 83-day-old blackout of the city's nine major dailies.

Wagner received a similar report Wednesday from Local 6 of the AFL-CIO Internationally graphical Union whose strike against four of the papers led to the blackout. Contents of the report were not made public.

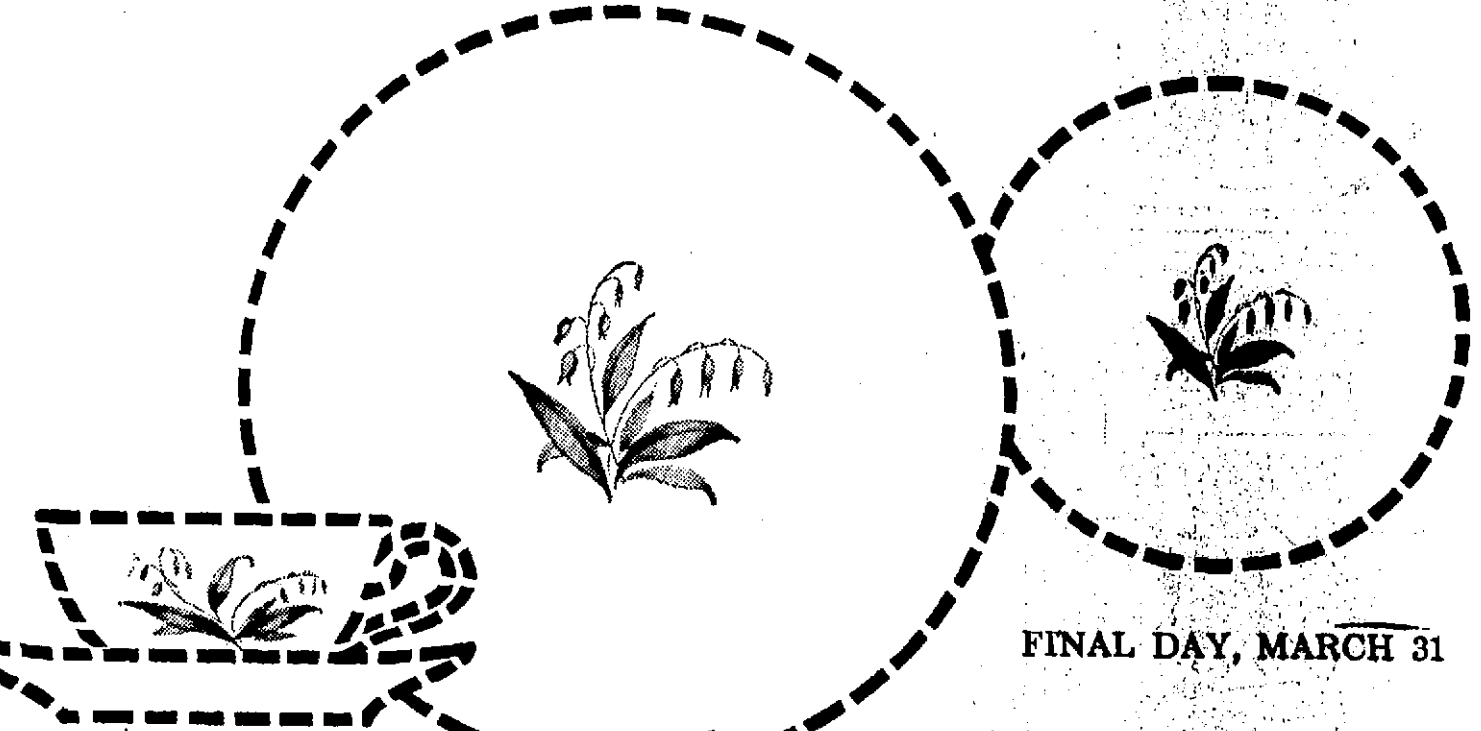

A title publishers' request, Wagner postponed the time for their report until today.

Wagner—who may soon change his role from mediator to umpire and recommend a settlement formula—had asked for the reports from both sides.

He said his next step would depend on whether the reports "call for any further talks or not."
